SHOWER GELS

Grooming tools from traditional barbershop **Trumper** are hard to beat. Brand new is **Almond Oil Body Wash**, £12.50 (www.trumpers.com).

There is nothing worse than men's products with an overpowering smell. **Penhaligon's** fragrances are subtle and elegantly packaged. **Endymion Bath & Showergel**, £20 (0800 716 108).

A family-run business since 1870, **Floris** men's fragrances are made from age-old formulae.

Foaming Bath and Shower Gel in **Elite** has a woody base note. £14 (0845 702 3239).

'I've always liked clothes, but when I met Victoria, she directed me in the right way'

What would have happened if Victoria had directed **David Beckham** the wrong way?

TRICK OR TREATMENT?

If you are bored of your barber, visit Hip Hair on the Fulham Road for something a little out of the ordinary. Don't be put off by all the flamboyant eastern décor and orchids - the oriental stylists know how to give a great gentleman's haircut. Starting with a thorough hairwash and conditioning, and an incredible head massage, you will be brought a tray of fresh strawberries and grapes with a glass of wine, beer or green tea. Finally, you will be treated to a ten-minute neck and shoulder massage. Man cut and blow dry, £35. Hip Hair, Fulham Road, SW6 (020 7736 3000). CW
